Hockey League Is formed

Word was received at the Chronicle Office of a senior five team league including Champion, Carmangay, Barons, Yetwood and Newlands being formed. A secretary D. H. Miller of Barons was appointed along with a representative from each town. These were W. Henker for Barons, R. D. Farris for Champion, J. A. Hubka for Carmangay, Jack Steves for Yetwood and Jack Greene for Newlands.

The first games of the season are on Jan 3 Newlands vs Barons at Barons and Champion vs Carmangay at Carmangay. Games are scheduled for Sundays and Wednesdays for the convenience of the players.

Anyone wishing to play senior hockey for Champion should get in touch with R. D. Farris at once.

The work on the rink is well under way and we understand that some of the boys are taking the graveyard shift in the rink house to see that all goes well with the flooding and to assure the hockey club of ice in nothing flat.

The hockey team asks your support and co-operation in this matter and your moral support at the home games. So see Mr. Farris about schedules and keep those dates open for we want to see you at the rink.

School Parties

On Thursday afternoon last the Primary room under the direction of Miss H. Holm presented a program and entertainment to which the parents were invited. The program consisted of plays, recitations, songs etc. Afterwards there was a dainty lunch, an exchange of presents and Santa Claus came to wind up the party in the good old fashioned Christmas way.

Another Year

With the passing of the passing of the year 1940 another opportunity awaits us for the service to mankind. Just what the year that lies ahead holds for us none can say but our most sincere wish is that every reader of the Chronicle will experience joy and happiness through out the coming year.

At this season of the year we pause to consider our individual situation. For the business house it means the tabulating of returns for the twelve months by which it is shown whether the period was a successful one or not, and many persons meditate over their years income. It is only natural that our thoughts turn to material things. In such meditative moods we often become downcast because our bank balance is less than it was a year ago, forgetting that we have many things to be thankful for as compared to others of our acquaintance.

The year just closed will go down in history as the outbreak of the second great war in which Canada is playing her part with the Empire in defending democratic institutions but it did also record many other events more of more pleasant character such as the visit of the King and Queen to Canada. The full meaning of their visit with the resultant strengthening of bonds which tie the empire will never be fully recorded.

We can't turn the clock of time backward so we must let the past take care of itself and set our faces resolutely towards the New Year, determining to play our part with courage and determination, to make a greater contribution to mankind, so when 1940 also passes we may look back with some degree of satisfaction on the progress we have made.

Legion Make Appeal

A national appeal for \$500,000 to be exclusively for welfare work on behalf of Canada's fighting men will be made in February, Alex Walker of Calgary, acting Dominion President of the Canadian Legion, announced here today.

The appeal is being made by the Legion's subsidiary war time undertaking, The Canadian Legion War Services, Inc., under authority of the War Charities Act and is being sponsored and supported by the 1,400 branches of the parent organization throughout Canada.

The money is required Mr Walker stated, to enable the Legion to extend its activities among the naval, land and air forces of the Dominion now on active service, both, in Canada and especially overseas.

These activities, Mr Walker said are being provided on a strictly non-profit making basis. They include a comprehensive education program which will make it possible for members of the forces to continue in a large measure studies so that they will not be deprived of the elements of culture, practical training and character building to fit them for their return to civilian life. This work he said is being carried out in collaboration with the Canadian Association for Adult Education.

The Canadian Legion War Services is also provided special facilities to assist the men and their families in their personal and home problems. In addition, an extensive entertainment, recreation and sports program is in operation which together with the establishment of recreation huts and leave centres, is being extended to England and France including actual theatres of war.

Physical incapacities and age make many of the old Canadian Corps men unacceptable for active service again, but they feel it is their duty as well as their indisputable right to provide for the needs of their younger comrades who have answered the new call. The Legion feels confident that in this voluntary work, which is of such vital importance to the future of the Dominion, it will have the generous support of the Canadian people.

Household Hints

If dinner, complete with meat and vegetables has been served at noon, what shall we have for supper becomes a question. Something tasty, light but nourishing will fill the bill so these suggestions are offered. Fish, cheese, eggs and milk are among the most versatile and usable of all foods. They are ideal as a basis for supper dishes.

To freshen salt cod, shred the fish, wash it several times to take off salt left on the surface, then put it in water and heat it to the boiling point; pour off the water and repeat the process the second or even the third time, if necessary. Do not cut dried salt fish with a steel knife; if a knife is used it will take on a "steely" taste.

Grain in the Argentine

Favorable harvest weather has prevailed in the Argentine for three to five weeks without any hindrance from excessive rains. The yields of wheat and flax have been disappointing but reports now indicate that coarse grain crops will be substantially higher than last year.

The weather is colder in Germany and threshing has been resumed after many days but deliveries are small.
